

## Parental Consent – Short Out of School Visits

During the course of the year the school organises a wide range of activities which may necessitate visits of up to half a day to places within the vicinity of the school. Permission from the local authority has been granted by the Council for schools to seek an annual parental consent in respect of these visits of a short duration. Your consent can be given for all short, local trips using this form. Individual consent will still be sought on every occasion where the visit is for a period of more than half a day or which involves travel out of the area of the school.

---

To: Corbets Tey School

I give permission for my child to take part without further permission in visits out of school to places in the local vicinity for periods not exceeding half a day during the school day.
