

Orange Class 2015 - 2016 Academic Achievements

The pupils in Orange class access an Entry Level 1 qualification in Personal Progress. ASDAN Personal Progress is a bottomless Entry 1 qualification. This means that it is suitable for all Entry 1 and pre-entry learners i.e. learners working from P1 – 8 or Milestone 1– 8, as well as learners working at traditional Entry 1 (National Curriculum 1). The Entry 1 qualifications in Personal Progress are approved qualifications, eligible for use in Foundation Learning provision. They are made up of units which can be broadly divided into the following areas: Literacy/Numeracy/IT; Independent Living Skills; Personal Development; Community Participation; Preparation for Work. Orange class was created to cater for the needs of the older pupils who need a specialised curriculum that allows them to gain greater life and living skills while still learning in the style and approach they are used to learning in. A verbal behaviour approach to life and living skills still allows a focus on language and communication, although the emphasis is on activities and language they will need to function in the wider school community. Specialist interventions and approaches to learning include an intensive teaching environment based on the principles of applied behaviour analysis such as: ITT sessions, NET sessions, Joint attention and group interaction sessions are used to introduce topics and encourage interaction and engagement, sharing, turn taking, reinforcing language and generalising skills learnt at 1:1 programmes. The Curriculum is individualised and pupil focused which comprises of ASDAN coursework leading to qualifications as well as AFLS - life and living skills and curricular based on BF Skinner's verbal behaviour approach to learning – key skills, assessments.
